NUTTING
Pivot Steer Trailers

Dual Purpose trailer offers superior tracking plus the ease of being highly maneuverable for manual movement.

Excellent tracking characteristics plus the ease of manual movement. 6-Wheel Pivot Steer Trailers will turn in own diagonal length - perfect for tight confines. This dual-purpose function is particularly important when considering manual positioning requirements for order picking, work station and assembly cell replenishment, lean manufacturing, and other material handling requirements.

Economical alternative to quad-steer trailers.

Contact Nutting today for a creative solution to your unique material handling needs.
